

Developing Successful Students

Everest Multiple College

Bright Minds
Bright Future

PROSPECTUS

Message from the desk of Founder Principal

Introduction

In pursuit of rendering education with excellence in different levels of studies, EMC is proud to announce that we have been working for every aspect of imparting quality education and disciplined atmosphere to the students of 10+2 level since 1997 and of Bachelor Level since 2003.

We have also been associated with London Bridge Business College – London, United Kingdom for ABE/ CIM and MBA levels.

Since its establishment, it has been in gradual development process with excellence in this field bringing it up to the Bachelor Level at the present moment.

The principle of learning by practice underlies every major discipline of EMC. The interactive relationship between students and teachers, the insistence on self determination, the commitment to learning through the disciplines and the field work provide students work experience and connect them to the greater community. Its underlying objectives lie in the conviction that college education should not merely provide preparation for graduate school or higher education but should be an experimentally and practically valuable in itself, serving as a model for lifelong learning.

For the overall development of the students, EMC has been practicing participatory, interactive and practical education. Beside core academic activities, it has been conducting various extra and co-curricular activities from the very beginning.

We believe that the students willing to become a good and practical citizen with very good discipline, can grow, shape and get success in their life being a part of Everest. We provide ample opportunities to increase mental as well as physical abilities of the students by applying modern and state of art technology in practice.

Welcome

Dear students and guardians,

I take this opportunity to welcome all the eagerly waiting scholars from across the nation to Everest Multiple College(EMC) for +2 level affiliated to Higher Secondary Education Board (HSEB), and BBS level affiliated to Tribhuvan University of Nepal.

EMC has become the first choice of the young scholars seeking to explore their career goal with higher achievements. It offers an excellent learning environment to the students preparing them for higher education and career in the field of science, management and business administration.

Students graduated from EMC with merit are eligible for admission in Nepal as well as across the world in BSC, CA, BBA, BHM, BIM, BCA, BCIT, MBA and other management programs at University level.

We believe that students must be supported for profound physical, mental and moral growth with an end to building character. Since the inception of the college, we have ever strived unalterably help our scholars achieve the same. Our experienced and dedicated faculties along with round the clock hardworking staff have always dedicated their full affection, friendly behavior and endless hard-work to look after each individual students and their progress.

The curricular and co-curricular activities at EMC have contributed to promoting students' critical, innovative thinking and writing skill required for further higher studies as well as prospective professional career. The historical performance records have shown and every that the EMC students are humble, hard-working, passionate to learn and result oriented, in which they manifest while studying at the College. EMC has ever been a unique platform for all prospective scholars to groom their overall personality through its excellent academic, disciplined and student friendly environment.

An efficient team of management and teachers as well as highly potential students have made EMC, apparently an excellent acenter for Learning. I would like to invite all students with assurance to Everest Multiple College who are in quest of a right place for science and management education in +2 (HSEB) and Bachelor Level (TU) to experience their potentials being nurtured with complete scope in an outstanding academic environment.

Bishnu Prasad Acharya
Founder Principal

Objectives

The core objective are :

- To drive students towards academic excellences
- To create congenial teaching / learning environment
- To module students becoming the change agent in the society and the nation

The main aim of the EMC is to impart quality education to the students. As the college is the 1st step to career making, it aims to produce academically skilled students and shape them to become good and responsible citizens who can cope with any challenges on their personal, professional and national levels.

Keeping this fact in mind, EMC endeavors to achieve the higher goals of qualitative improvement in moral, social and educational fields.

EMC also aims at developing a tolerant, balanced, independent attitude of mind, spirit, and a enthusiasm in each students to act in practical ways after completing their education. Its special characteristics are the wide range of activities that the college provides with the idea of developing a full personality and potentiality among its students.

Resource Centers Science Lab / Computer Lab

The Science (separate for Chemistry, Biology & Physics), Hotel Management and Computer Lab at College are completely designed and maintained to meet the requirements of HSEB Program study. The e-library with broad band connection is available 24x7, so that students can utilize the modern technology in learning during their stay in the college. Similarly, students can use science lab even after the college hour with prior permission and approval from the head of department.

Counseling / Extended academic support

The college offers extra classes for the needy students during college calendar as per the need of the students. The regular meeting and counseling the parents are also a part of its academic calendar. Counseling is provided to the students to select right streams / course after the completion of their current study.

Mission

- To impart practical and human valued education
- To create participatory and interactive teaching / learning environment through which student can meet the challenge of 21st century
- To ensure co-curricular / extra curricular activities for supplementing the core learning process

Visions

To impart value base education to the students through which they can compete and present themselves in most competitive environment on their upcoming future.

Sports

Spacious play ground with sport coach is provided by the college for the extra curricular activities of the students. Students can use sports facilities as per the schedule provided by the college.

Library

Text books as well as reference books are available in the library. E-learning facilities are also available in the library with plenty of space to accommodate large number of students at the same time. National and International journals, news papers are also available in the library for enhancing the knowledge of the students.

Transportation

The college provides comfortable buses to the students in specific route as specified by the college. The bus service is provided in main roads only and will be picked up only / pick up and drop as decided by the management. Separate charge is applicable for bus service.

Location

EMC is situated in the central part of Kathmandu i.e. Galkopakha, Thamel and thus provides an easy access to each student staying in the various corners of the valley.

It has got a peaceful and serene atmosphere, promoting an academic environment. It has its own spacious premises design with state of art technology that is ideal for learning followed by all the essential facilities required for a true institution.

Facilities

EMC has a rich and modern library that is designed to encourage students to develop an interest in a variety of subjects. It is well equipped with all the text, reference books, magazines and periodicals that students of 10+2 and BBS levels may require to broaden and enrich their knowledge in various subjects.

Spacious playground, separate science laboratory for Physics, Chemistry & Biology, Hotel Management, Computer lab with high speed internet facilities and Cafeteria are other facilities available in the college.

In addition, students here have full opportunities to expose themselves in various extra curricular activities like excursion, cultural programs, seminars, quizzes, elocutions and competitions. During their spare and leisurely movement, they can take full advantage of both outdoor and indoor game facilities.

Future Planning

"Career Guidance Programs" will be organized to guide the students for higher studies. Counseling will be made available depending on the students' individual interest and talent. Relevant information and career guidance will be given for future study programs in Nepal and abroad too. "Seminar and Research Programs" will be conducted. Experts and professionals will be invited to give consultation and lecture in current topics of interest.

"Educational Tours" will be organized from time to time escorting student groups to different parts of Nepal and neighboring countries.

College Uniform

Students are required to put on college uniform as specified by the college. The details of uniform (colour and sets) shall be provided by the college at the time of registration.

General rules for the students

The students are strictly required to follow the code of conduct issued by Ministry of Education and Higher Secondary Education Board (HSEB). Beside, the college expects its students to follow the rules stated below:

- Adherence to discipline and good conduct is the prime concern of the college.
- Strict regularity, obedience, respects for seniors, courtesy in speech and conduct, cleanliness of appearance and dress as are expected from every student while staying at the college premises.
- Students have to communicate in English inside the College Premises
- No jewelry of any kinds is to be allowed in the college.
- Students are expected to display positive attitudes, moral standards and dedication to study.
- College calendar is provided on the beginning of session. There will be no other holidays except mentioned on Calendar without prior notice by the College management.
- Irregular attendance, unjustified or unexplained absence, habitually late coming and objectionable behavior of any kind may result in the expulsion of student from the college.
- The college takes strong steps in cases of misbehavior and misdeed on any kind as the college tends to believe that personal integrity is more important and demanding than the academic record and performance.
- The students shall strictly read and follow the code and conduct issued by Higher Secondary Education Board(HSEB)
- The Campus Chief / or Authority has the full right to refuse admission, or suspend or expel any student at his discretion.

A Message from the Vice Principal

Dear Parents /Students

I feel a sense of great pleasure to convey a few words to you all. To start with, education is an inevitable part of human being. But it has got more relevance in the present days of sharp competition.

Everest Multiple College (EMC) is an ultimate place designed to fulfill the objectives and mission of parents and students ensuring up to date teaching / learning environment with affordable fee structure. It aims to impart pragmatic and goal oriented education in related field with full active participation of students.

It needs no mentioning that perfect knowledge in the subject matter with absolute discipline, sincerity and creativeness is great asset of an individual indeed.

The acquiring of knowledge in the true sense of term has become the most challenging and overwhelming reality that confronts us day by day. Hence, it is a question of selecting appropriate course and institute to cope with all these challenges we face.

We feel inclined to assure you that EMC could be your real choice in a true way if you are keen to acquire perfect standards of education as well as develop your career on personal and professional levels.

I am hopeful, the parents and students will think and act positively to find an appropriate college that could help you to materialize your dream.

You are welcome !

Hoping for the best.

Anup Acharya
Vice Principal

Why to select EVEREST College, Thamel ?

- It offers a comprehensive selection of Higher Secondary and Under Graduate programs run by renowned educationists.
- It builds in a strong tradition of academic excellence and innovative teaching.
- It offers range of scholarship for meritorious and needy students.
- The college is ideally located in a peaceful environment, centrally located and enough space for co-curricular and extra-curricular activities.
- It is run by a competent team where members are actively participating in management and other educational activities.
- It believes that "Discipline is a primary factor to success."
- Passed out students have been able to gain outstanding results in IOM, BE, CA and in other areas.

Omkar Kaffle
(BBS Completed)

EMC, my perfect choice !

I have completed my Bachelor Level Study from Everest. Today I am working in Human Resources Department in NABIL Bank Limited. During my study, I had a very memorable experience at Everest. I found that every students were cared individually and encouraged to be a good citizen.

The practical knowledge which I have gained at Everest and the positive behavior I found with all team members has changed me a lot and brought me to this position. I am thankful to all team member of Everest and hope to provide same to all the students who join or continuing their study at Everest.

EVERST MADE ME TRUE CITIZEN

I had joined Everest of my own decision and I am proud of my decision as I have learned to be a good citizen and completed BBS level without being defeated in any year. Now, I am in the USA for Post Graduated Level study and this had happened only with the proper guardianship, scheduled class and exam in the Everest College.

The qualified, friendly, experienced team and well managed environment is key to my success in the Everest. Besides core academic activities, the co-curricular activities have changed my level of understanding and thinking and what I am today is due to Everest.

Rakshya Khatiwada
(BBS Completed)

Perfect place for discipline and practical education.

Everest, the college where I have joined for Plus Two level study in my further career, was perfect choice for me. I have found EVEREST as guide where I can walk with full confidence. I learnt a lot not only core curriculum, besides, the fact about being a good citizen. An individual care and monitoring, providing opportunities based on aptitude and interest were unique quality of EVEREST.

I am very much optimistic about my future because of what I learnt and how I was treated at EVEREST.

Suchana Aryal
(+2 Completed)

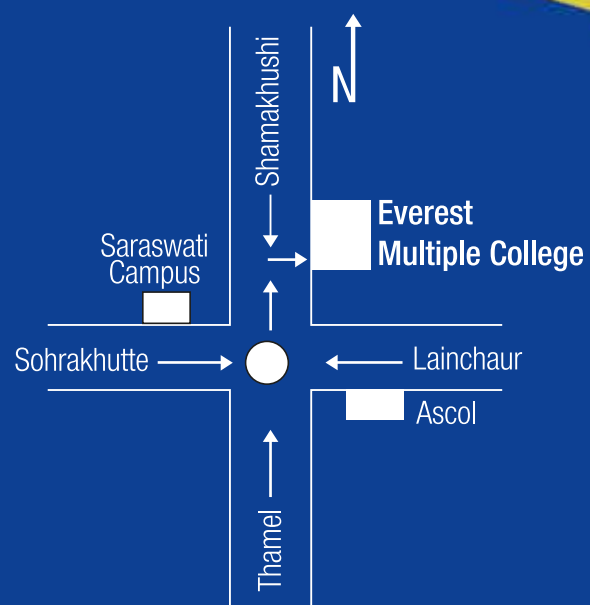

ME & EVEREST

Eliza Lama
Grade 12 (Management)

After my SEE, I have lots of confusion regarding selecting proper college for plus two level study. Ultimately, consulting with many friends, parents and concerned of the college, I have decided to join Everest for my further study. I have completed grade 11 and studying in grade 12 (Management). I am thankful to the suggestion that I have received from my colleagues about Everest. I found it of my perfect choice. The experienced faculties, management team and the modern state of art technology in teaching learning helped me to learn more in grade 11 and my self confidence is so high that I will be able to do much more better than that I have expected at Everest.
